

Get Started

Accessing Your Diagnocat Account

- 1. Open Your Browser: Launch Google Chrome for optimal performance.
- 2. Visit Our Website: Navigate to www.diagnocat.com.
- 3. Select Your Region: Choose your region to ensure localized support.

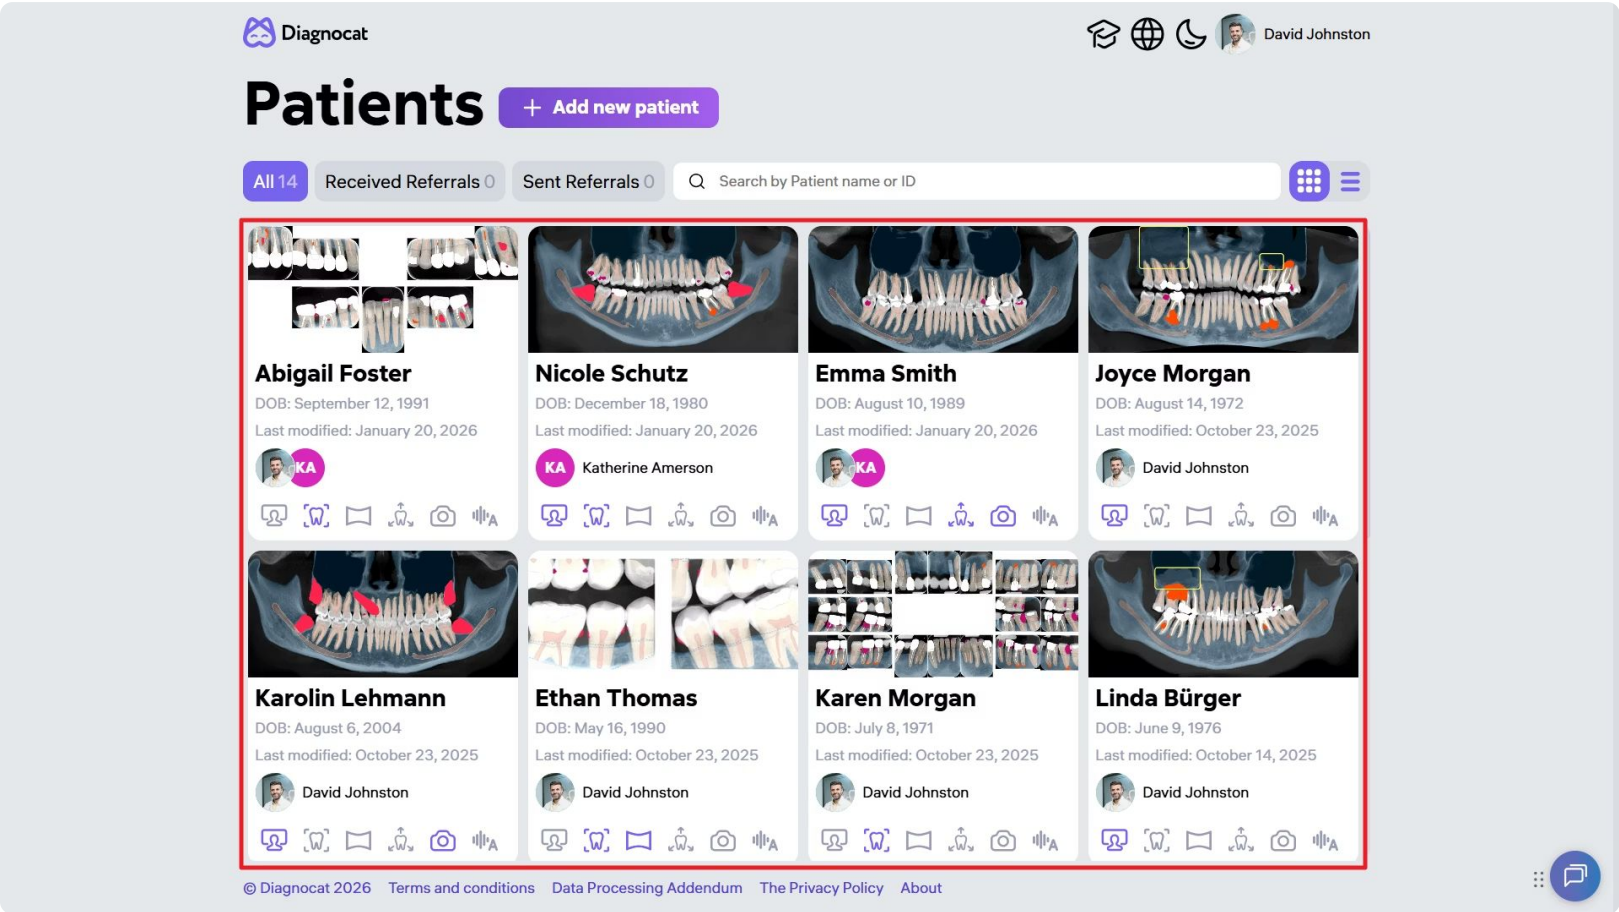

- 4. Log In: Click on 'Login' and enter credentials: Input your email and password. If you need to reset your password, use the link provided on the login page.

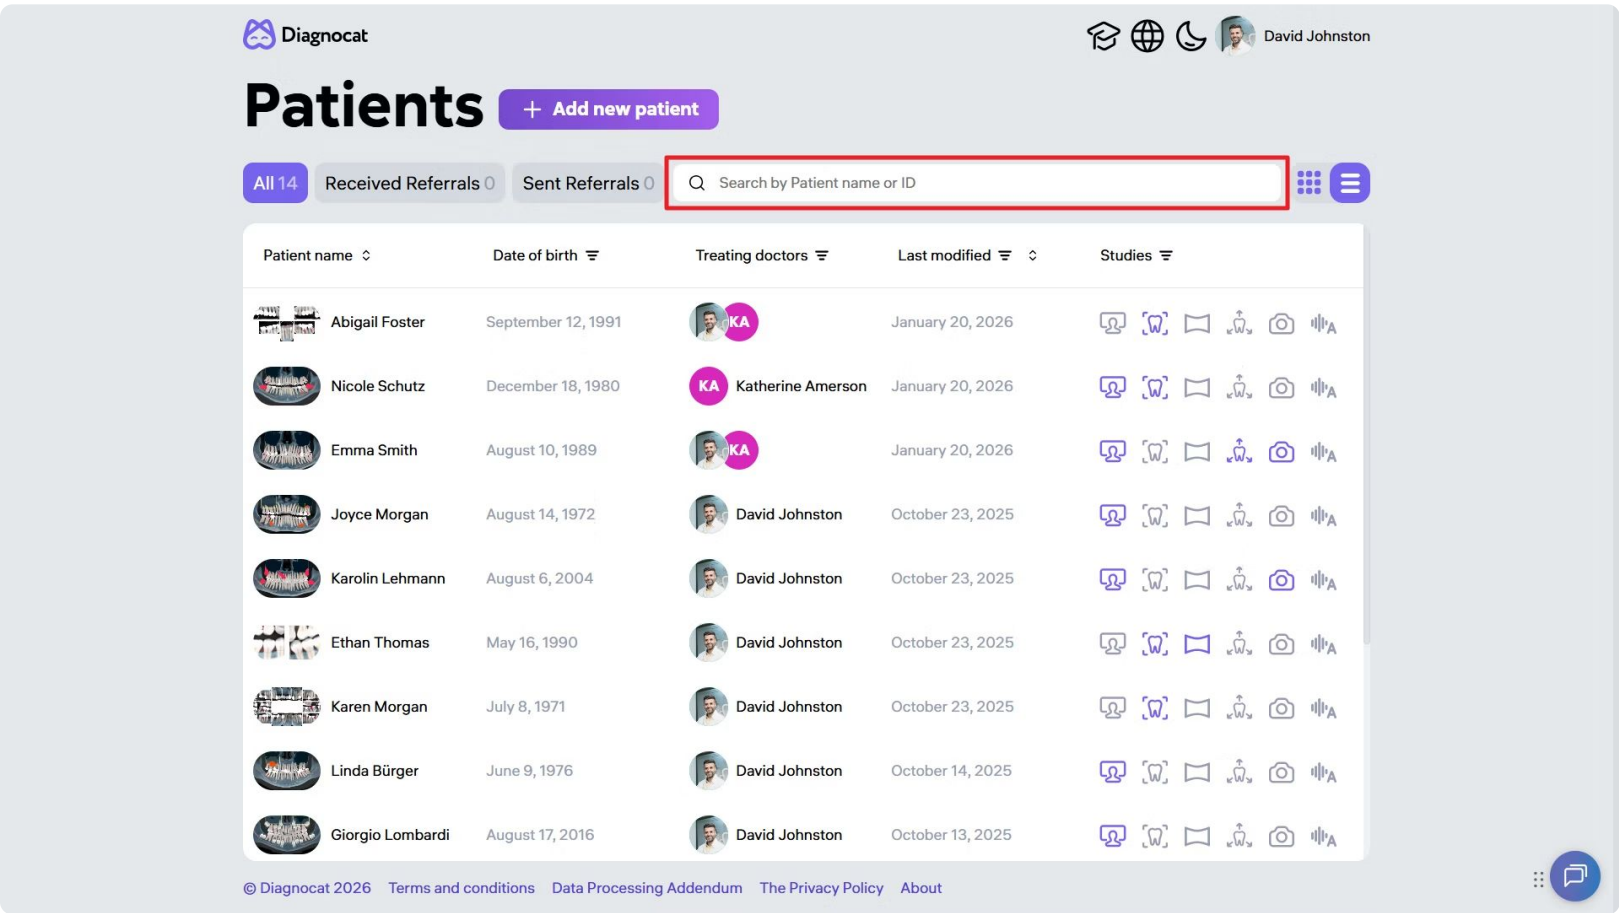

Navigating the Homepage

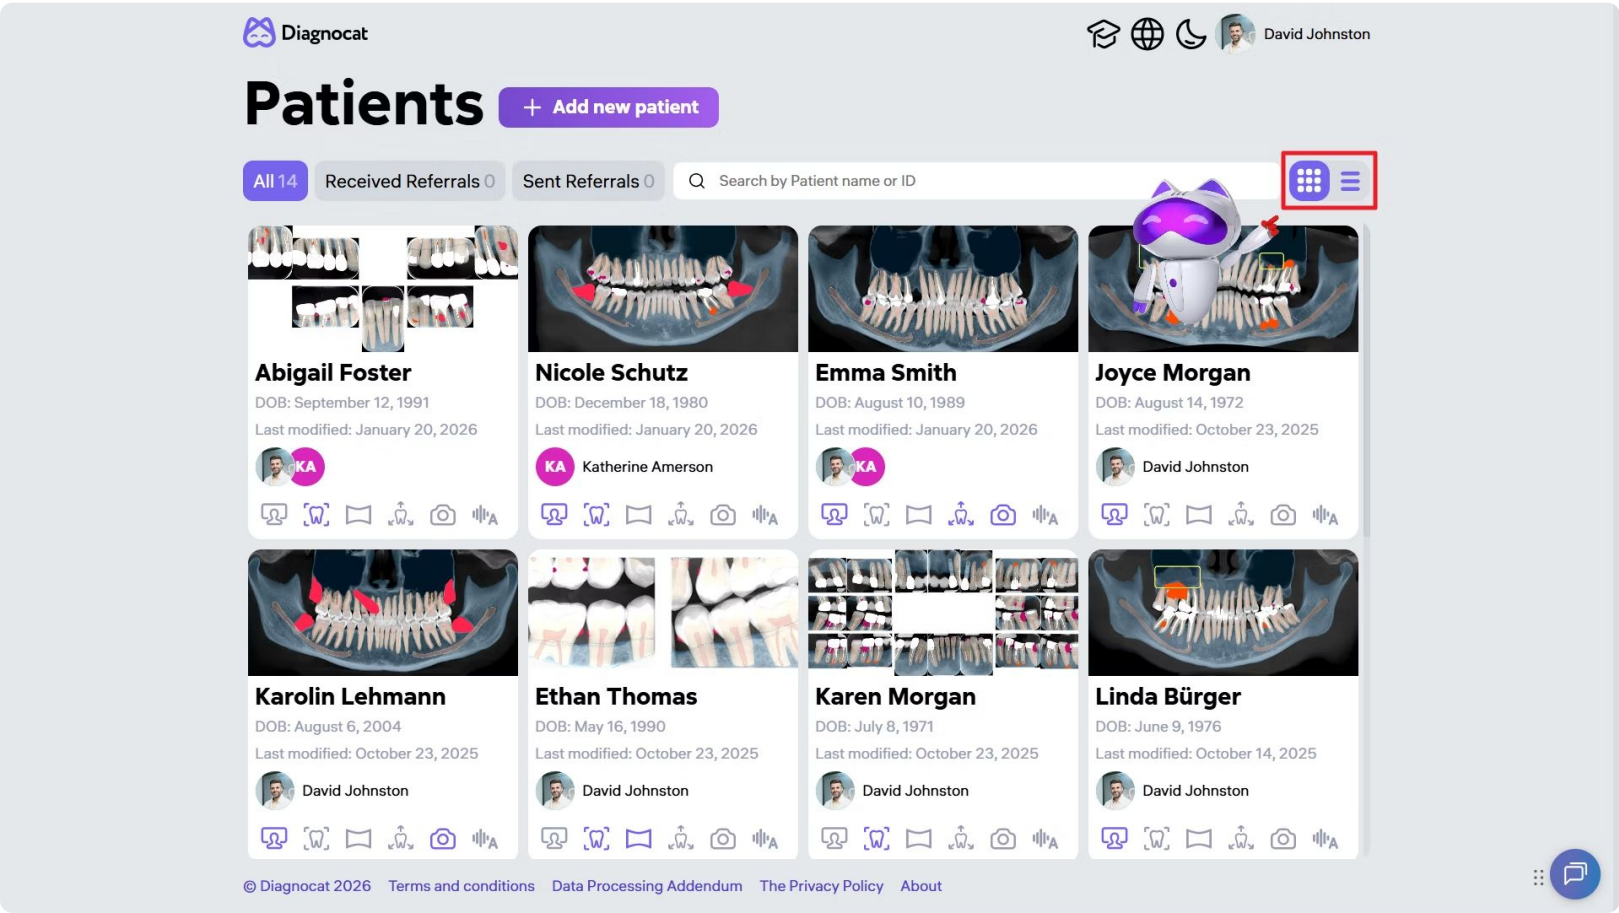

Patient List: Centralized on your screen, this list allows quick access to patient records.

Search Functionality: Use the search bar at the top to find patients by name, or ID.

Layout Options: Switch between list and matrix views for your convenience.

In the upper right corner, you will see a set of buttons.

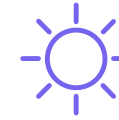

Graduation Cap Icon

Opens the Knowledge Base with guides, videos, and updates.

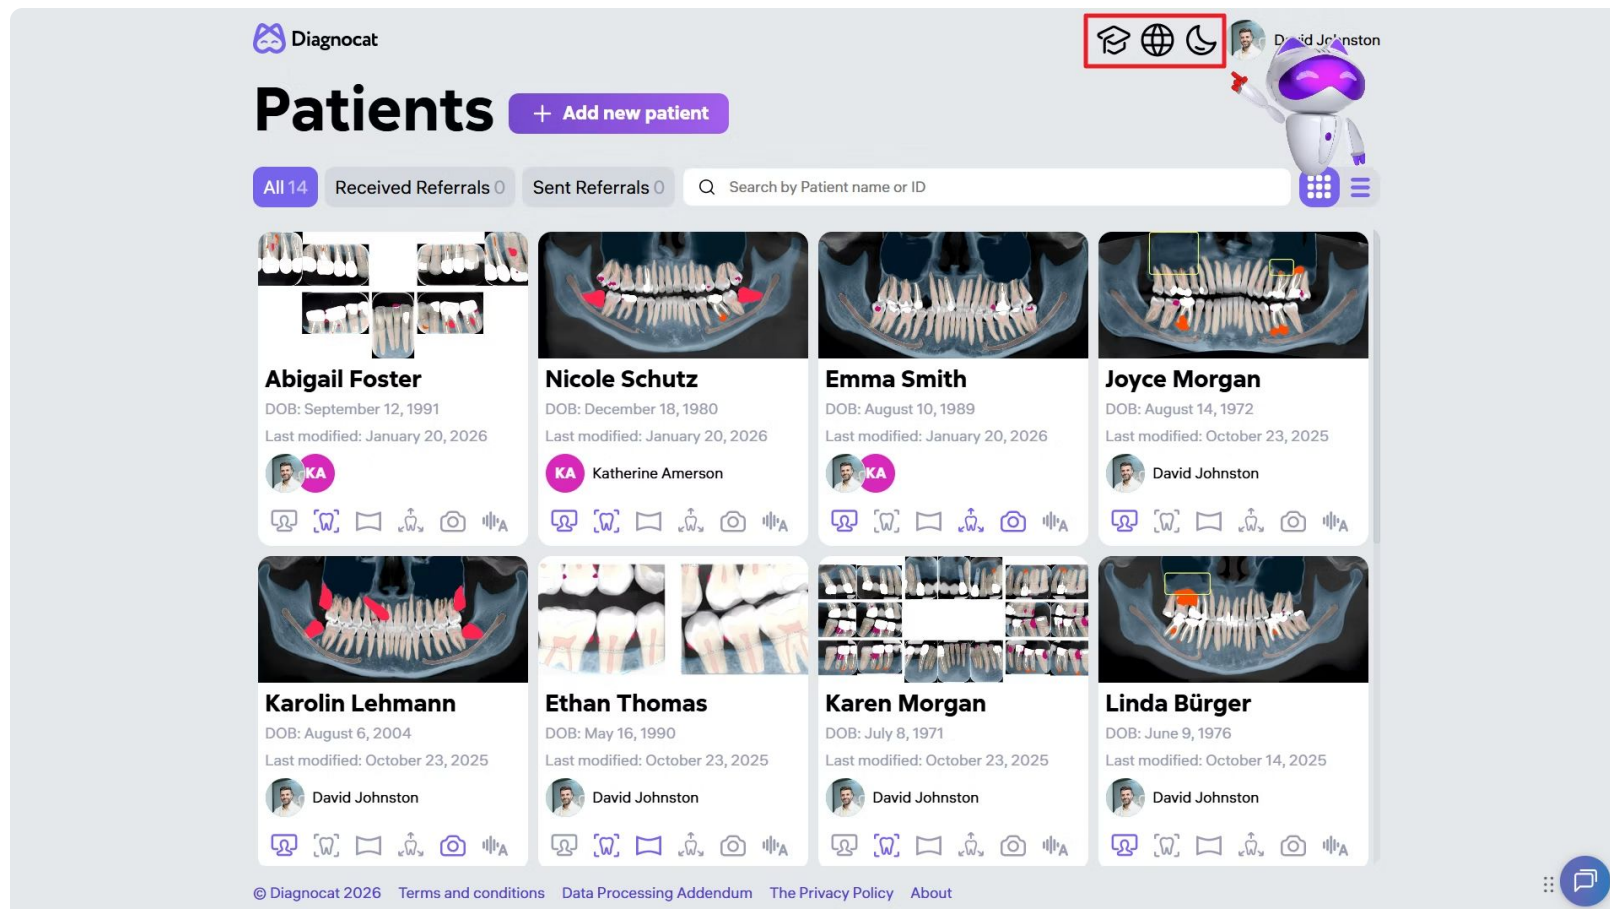

Globe Icon

Selects the interface language.

Sun/Moon Icon. Theme Toggle

Switches between dark and light modes.

The screenshot displays the Diagnocat Patients interface. At the top right, a red box highlights three icons: a graduation cap, a globe, and a sun/moon symbol, corresponding to the features described in the text. The interface includes a search bar, a grid of patient cards with dental X-rays and photos, and a footer with copyright and policy links.

Creating a New Patient Profile

If Diagnocat is integrated with your Practice Management Software (PMS), new patient profiles are automatically created. For manual creation or if integration isn't available:

1. Add Patient: Click on the 'Add Patient' button.

2. Enter Details: Provide the patient's first and last name, email (optional), date of birth, and assign a treating doctor.
3. Assign ID: Input a unique patient number for easy tracking.
4. Save Profile: Click 'Add' to add the new patient to your list.

Organizing Patient Records

Sort the patient list by criteria such as name, date of birth, study type, last modified or attending doctor to streamline navigation.
